CANONNIER BEACHCOMBER GOLF RESORT & SPA

GRAND BAIE, MAURITIUS

A well-established four-star beachfront resort on the Pointe aux Canonniers peninsula in northern Mauritius, positioned between Grand Baie and Mont Choisy with a strong sense of place shaped by its historic setting and tropical gardens. Accommodation is in contemporary rooms and family-friendly units with garden or sea views, designed in a simple, light style that prioritises comfort and ease rather than statement luxury. The layout is spacious and open, with multiple beaches, several pools, and a relaxed mix of social and quieter areas, making it suitable for both couples and families. Dining is spread across a small selection of restaurants with varied international and local options, supported by a spa uniquely set within a banyan tree and a broad range of included land and water sports. Service is friendly, informal, and consistent with a long-standing resort operation. Best for clients seeking a good-value Mauritius stay with strong beach access, a family-friendly layout, and a relaxed, unpretentious island rhythm.
