CAP JULUCA, A BELMOND HOTEL

MAUNDAYS BAY, ANGUILLA

For barefoot luxury, nowhere surpasses Cap Juluca, a Belmond Hotel, in Anguilla. The iconic Caribbean resort nestles on Maundays Bay in the island's southwest corner, where white sands meet turquoise waters. The island's warm intimacy is reflected at Cap Juluca, where many of the smiling employees have been with the hotel since its opening in 1988. Accommodation is spread across Greco-Moorish villas. Every room enjoys a private terrace overlooking the sea and two reserved loungers on the beach. A number of suites and private villas have inviting freshwater pools. The resort has a stunning infinity-edge pool and rejuvenating treatments at the spa are inspired by ancient Arawak rituals. For the active, sports include tennis and beach volleyball. The fitness centre offers personal training and yoga classes. A Greg Norman-designed golf course is close by. To get out on the water, training and equipment can be provided for everything from scuba diving and kayaking to windsurfing and waterskiing. Hobie Wave catamarans and Sunfish sailboats may be chartered for a day of drifting around Anguilla's beauty spots. Exceptional dining options include classic Italian and laidback Caribbean. A weekly beach barbecue is enlivened by reggae beats. Tailor-made tours can be arranged to fascinating heritage sites and vibrant nightspots, or the neighbouring island of St Martin. **NEW OPENING!** We are thrilled to share the introduction of the new Cap Juluca Spa by Guerlain, unveiled in 2024! Drawing inspiration from Anguilla's Arawak tribe, the spa harmoniously blends nature's beauty with Guerlain's renowned wellness rituals, offering a serene escape that rejuvenates both body and mind. The spa features: - 7 treatment rooms - A beauty salon - A wellness suite - Multi-temperature plunge pools - A thermal suite - A Guerlain boutique - A stunning rooftop infinity pool
