COCO REEF RESORT & SPA

COCONUT BAY, TOBAGO

A beachfront resort on Bermuda's south shore, positioned just above a small stretch of pink sand beach with easy access to Elbow Beach and a short drive into Hamilton. Accommodation is in ocean-facing rooms set across terraced buildings, with private balconies or patios and uninterrupted sea views across all categories. The atmosphere is traditional and unhurried, with a compact layout centred around a pool, beachfront access, and a single main restaurant. Facilities are simple rather than extensive, with a focus on location and outlook over resort programming. Service is friendly and informal. Best for couples and independent travellers seeking a well-located Bermuda stay with direct beach access, strong views, and a straightforward, low-key resort experience.
