CONSTANCE MOOFUSHI

SOUTH ARI ATOLL, MALDIVES

Barefoot luxury defines this South Ari Atoll island, where simplicity and marine access take priority over formality or excess. Villas lean into a rustic-chic aesthetic, with beach and overwater options built from natural materials, opening directly onto soft sand or clear lagoon waters. The atmosphere is unhurried and informal, with a shoes-optional approach that shapes the entire stay. Dining is centred around a main buffet with a secondary à la carte venue, offering fresh, international dishes in open-air surroundings suited to relaxed, all-inclusive living. Surrounding waters are a major draw, with strong snorkelling from shore and regular encounters with manta rays and whale sharks across the atoll. Service is warm, easy-going and discreet, creating a nature-led Maldives experience suited to clients who value authenticity, access to marine life and a low-key rhythm.
