LE TOINY

TOINY BAY, SAINT BARTHELEMY

Le Toiny is one of St Barths' most private and exclusive stays, particularly well suited to honeymooners and couples seeking space and discretion away from the island's busier social scene. As an all-suite property, every suite spans more than 1,600 sq ft, each with a private heated pool and uninterrupted ocean views, giving the hotel a distinctly residential feel. Its private beach club adds a valuable point of difference in a destination where direct beach access can be limited, while the intimate scale of the property creates a quieter, more personalised guest experience. A strong choice for clients prioritising privacy, space and understated sophistication.
