

## L'ESCALE RESORT MARINA & SPA

L'Escale Resort Marina & Spa draws its name from the historical concept of a "stopover" port, where seafarers paused to rest during long voyages. This idea forms the foundation of the resort's identity as a luxury boutique hotel, offering modern travelers a place of rest, relaxation, and refined comfort. Conveniently located on Mahé Island, the resort provides easy access by air, land, or sea. Its central position allows guests to explore the natural beauty of the Seychelles while staying within a secure and serene environment. The property features 25 guest rooms, including Classic Rooms, Suites, and Villas. Each room offers either mountain or ocean views and is furnished to a high standard, combining elegance with comfort.
