

MARGARITAVILLE BEACH RESORT

NASSAU, BAHAMAS

Downtown Nassau waterfront resort offering a more energetic, contemporary take on island stays, positioned steps from Bay Street and the cruise port. Accommodation includes modern ocean-facing rooms and larger residential-style suites, with the One Particular Harbour residences delivering the strongest appeal for families or longer stays thanks to full kitchens and extra living space. The resort is built around a mix of leisure and entertainment, including a water park, multiple pools, spa, and a range of casual dining and bars, creating a social, activity-led atmosphere rather than a quiet beach escape. Service is informal and efficient. Best for clients seeking a central Nassau base with strong facilities, walkability to town, and a more lively resort experience.
