RESTAURANTS

THE COMPASS POOL BAR

Fabulous relaxation poolside in the form of a tempting cocktail and wine list, matched by a daytime menu that features gourmet treats from around the globe including the freshest of fresh salads, pizzas, sandwiches, sushi, bento boxes and more.

OCEAN RESTAURANT

At the open-air beachfront restaurant, the style remains casually comfortable with a breakfast spread that dreams are made of. Lunch and dinner are à la carte with daily changing specialties from a sophisticated international repertoire.

THE SHORELINE GRILL

This beachfront grill is where the fine cuts of meat, fresh local fish and seafood can be found, simply cooked and beautifully presented. We recommend at least one evening at the chef's table and a visit to the wine cellar. Easy, simple, no fuss.

BA'THELI LOUNGE & RESTAURANT

Shaped like three dhonis (wooden sailing boats), this signature restaurant is the only restaurant in the world set on a boat in a lagoon featuring gourmet dishes of inspired island cuisine from the ancient Maldivian Spice Route. Guests dine on the 'deck' of the restaurant where, underneath starry night skies, the team of chefs deliver an island influenced menu of locally inspired and sourced dishes. There's also indoor seating in air-conditioned comfort where guests can watch the sea-life below through glass floors. Expect to find seafood and traditional local flavours intelligently reinterpreted for the 21st century. Moored alongside is the lounge for cocktails that are fresh, creative and on point. Perfect for sundowners.

DESTINATION DINING

Carefully curated selection of dishes designed to please in tailor-made set-ups in distinct areas around the island and on our sandbanks. If guests are craving something else, they can simply let the chefs know what they fancy and it will be Milaidhoo's pleasure to make it.

AZURE RESTAURANT

Milaidhoo's newest addition, Azure provides an al-fresco dining experience set inside the lush jungle of this small island.
