PETITE ANSE HOTEL

We are the Petite Anse, a relaxed boutique hotel on Grenada's north coast. Described by our guests as a 'hidden gem' and 'charismatic' we've been open since 2009 and like to think that we offer a complete escape for those looking for a true break, good food, and romance.

ACCOMMODATIONS

OCEAN VIEW CHALET

Set back from the beach, but still offering a beautiful ocean view that goes all the way out to the Grenadines, we have eight of these Oceanview Cottages. They each have their own deck and come complete with a hammock for relaxing in the warm breeze for the perfect Caribbean vacation. Embraced by the lush green tropical gardens, each cottage is designed for privacy and romance.

BEACH FRONT CHALET

Our most popular room with guests is the beachfront cottage. We have three, and they are classically simple and romantic, with a four poster bed, a hammock, and drink making facilities. Every room has been designed to offer privacy for optimal relaxation and comfort. Situated apart from each other in our tropical garden, these beachfront cottages are just metres from the beach.

HONEYMOON SUITE

The two honeymoon suites, or Grenadine Rooms as they are known, are located in the main hotel building. They are accessible via a door on the lower level and provide a wonderful space where you and your loved one can spend quality time together. Each room offers a king sized bed, oversized shower with an opening that looks out to the Grenadines, comfortable furniture on the veranda in addition to a hammock. Our honeymoon package includes private dinner on your veranda.
