RABOT HOTEL FROM HOTEL CHOCOLAT

SOUFRIERE, SAINT LUCIA

Rabot Hotel from Hotel Chocolat is a distinctive boutique retreat set within a working cacao estate in St Lucia's rainforest, offering a strong sense of place rather than a conventional resort stay. With just 25 private lodges, it is best suited to couples and experience-led travellers seeking something different. Key selling points include its UNESCO-listed setting, immersive cacao-focused experiences and direct connection to the surrounding plantation. The open-air spa, infinity pool and farm-to-table dining concept reinforce its natural, low-density feel, while experiences such as chocolate-making and estate tours add depth beyond a typical luxury escape.
