ROBINSON CLUB NOONU

NOONU ATOLL, MALDIVES

Set in the Noonu Atoll, this resort offers a more active, club-led take on the Maldives, balanced by a naturally appealing island setting. Villas are contemporary and practical, available in beach and overwater styles with direct access to clear lagoon waters and generous outdoor space. The design is clean and unfussy, supporting a sociable, relaxed atmosphere rather than formality or seclusion. Dining is varied and informal, with international buffets and themed evenings that suit longer stays and flexible schedules. Facilities are extensive for the destination, with a strong focus on sports, diving and water activities across the lagoon. The house reef and nearby dive sites are a highlight, offering reliable snorkelling and seasonal marine encounters. Service is efficient and friendly, creating a straightforward, activity-driven island stay.
