S HOTEL JAMAICA

MONTEGO BAY, JAMAICA

A design-led boutique all-inclusive resort in Montego Bay, positioned on the Hip Strip directly opposite Doctor's Cave Beach. Accommodation is modern and spacious, with a strong focus on clean, monochrome interiors, ocean-facing categories, and suite options offering additional space and elevated views. The atmosphere blends a social, urban beach energy with a more polished, lifestyle-driven approach than traditional Jamaican resorts. Dining is centred around a small but well-executed selection of venues, complemented by a rooftop pool deck and a compact beachfront setup with direct access to calm, swimmable waters. Service is attentive, friendly, and efficient, with a strong emphasis on location and experience over scale. Best for couples and independent travellers seeking a central Montego Bay stay with strong design, walkability, and a more contemporary all-inclusive boutique feel.

Suitable For

- Honeymoon Benefits

Board Basis Options

- All Inclusive
