STRAWBERRY HILL

ST. ANDREW, KINGSTON

A mountain retreat in Jamaica's Blue Mountains offering a cooler, more elevated alternative to the island's coastal resorts. Accommodation is in freestanding Georgian-style cottages, each with private verandas and sweeping views across Kingston or the surrounding peaks, with suite categories delivering the strongest appeal for privacy and space. The atmosphere is quiet and restorative, centred around a hillside infinity pool, small spa, and a single restaurant focused on locally inspired cuisine. Service is personal and understated. Best for couples or individual travellers seeking a peaceful, design-led escape with cooler temperatures, strong sense of place, and a slower rhythm away from Jamaica's beach resorts.
